The Hon. Secy.

Sir

With ref to your ¹⁹⁶₂₃₋₄₋₀₆ I have
the honor to report that for reasons
given below I do not think that the
application of the provisions of the
Agriculturists Relief Act
mentioned in P. A. No 2529 of 1905
is at present desirable or would in any
way better the position of ^{the} agriculturists
in the state.

(1) The rates of assessment on the
lands in the state are much higher
than those obtaining in the adjoining
British villages & are in some cases
double. The Rayats manage to pay
these land rev & tide over their other
difficulties of life with the help of the Sarda.

If the Act is applied they will practically be deprived of this help.

(2) The funds at the disposal of this state being limited, the Rajas cannot expect to get assistance from the state to the same extent to which British Rajas can, even in the matter of Jagai loans. They will be left without any resource to fall back upon, in case of necessity or misfortune.

(3) The application of the Act will lead to a sale of lands. The lands will slowly but steadily pass out of the possession of benighted agriculturists into the hands of Sawkers. No farmer will venture to give advance a loan on the security of lands merely mortgaged.

(4) The present relations between the

Sawker & the Rajas which are, on the whole friendly ^{more than} in 75 cases out of 100 will disappear. There will be no mutual trust

There is officers from Sept last. This will
no doubt find the Rayets some relief

(7) When the Act is applied Village Munsiffs
& Conciliators will have to be appointed.
The Rayets ~~are~~ ^{are} put in a position
recently the majority of the villages ^{village officers of this State} are uneducated
& ill situated in life. It is doubtful how
far village munsiffs & Conciliators may
be competent to do their duties. The Rayets
will ^{may} possibly be left to the tender mercies
of these officials & many ~~parties~~ ^{like} feel
that they were better off with their old friends,
the Lawkars.

(8) The Act has been and recently applied
to the Dhur Dist. It is ~~not~~ ^{more} in, I think,
desirable to await the development
of things in the Dist itself ^{before the Act is applied to the State} before the Act is applied to the State.
~~applied to the State~~ This question was
once discussed when in the line of the
late P. H. It was thought more expedient
to defer the application of the Act ^{to the State} for the
light of actual experience in the Dist.

(9). The Act, I understand, has not
been applied to the native states
in the Dist.

The present Political Agent did not know that the late
Political Agent had considered the matter; but the point
should not be lost sight of. The Dewan's fears are prob-
-ably exaggerated; Munsiffs and Conciliators have not
yet been appointed in Dharwar. A further report will be
awaited in a year's time.
